

## Footy Colours Day online celebration PowerPoint

### Prep – Grade three

### PRESENTER NOTES

*Firstly, thank you so much for supporting Footy Colours Day by hosting a virtual event this year. It means so much to us and to the kids with cancer you are supporting by raising much-needed funds to help them keep up with school.*

*To assist you this year we have put together a PowerPoint to run during your virtual event. Simply open the PowerPoint and screen share with your students to run through the games and activities. This document contains game instructions and answers. As the organiser of your event this document is intended solely for you.*

*We have purposefully not used scoring in any of the games but they could be easily adapted if you wish to bring in a little friendly competition.*

#### **Activity one – Show and tell**

Ahead of your event, let the students know that they can dress up in their favourite footy teams colours, decorate their at home desk or they can make Footy Colours Day food! Maybe a cupcake with their favourite colours, a sausage roll or their favourite footy snack.

Ask students to show what they have done to join in and tell the class why they have chosen their footy team colours or their footy food item.

#### **Activity two – Name that team**

Using a [countdown clock](#) for effect, give the students time to write down the team name of any jersey/Guernsey they recognise on a piece of paper. Once the time is up, read aloud the answers and see who has an amazing knowledge of Footy!

#### Answers:

- |  |                           |
|--|---------------------------|
| 1. Adelaide Crows, AFL                       | 4. Penrith Panthers, NRL  |
| 2. Queensland Maroons, State of Origin (NRL) | 5. Wallabies, Rugby Union |
| 3. Melbourne City, A-league                  | 6. Fremantle Dockers, AFL |

### Activity three – Word Search

Read out one word at a time and see who has the quickest eye!

Footy, Goal, Team, Ball, Win, Kick, Score, Final

### Activity four – Match the player to their team

Using a [countdown clock](#) for effect, give students time to write down their answers

Once the time is up, read aloud the answers and see who knows their Footy Teams!

#### Answers:

1. Collingwood FC – AFL
2. Parramatta Eels – NRL
3. Wests Tigers – NRL
4. Western Bulldogs – AFL

### Activity five – General Sport ball knowledge

See how many students recognise these sporting balls

1. Rugby League
2. AFL
3. Rugby Union
4. Soccer

### Activity six – Spot the difference

These three Footy Colours Day Ambassadors are part of our education program.

Ask the students to find 3 differences between the 2 photos.

1. Girl on left shoes are another colour
2. Ball under the middle girls foot removed
3. Girl on right the colour on her jersey is different

Depending on your time and the student's observational skills there are actually another 3 harder differences to find if you would like to extend this game:

4. AFL logo in middle girl jersey removed
5. Thin stripe on the left girls scarf removed
6. NFL logo removed from jersey girl on right

Fight Cancer  
Foundation  
*Giving hope.  
Saving lives.*

### **Activity seven – house hunt**

Ready. Set. GO. This game requires speed!

Students playing at home go and get an item which begins with each letter of the word TEAM (e.g Tea-towel, Egg, Apple, Magazine) and bring them back to show the quiz master

### **Don't forget to raise funds!**

Direct parents to your school's online fundraising page! Everyone dollar goes a long way in helping kids with cancer keep up with their education.

**We hope you had a great virtual Footy Colours Day event! Thank you again for supporting kids with cancer this year!**
