How to play: Take it in turns rolling the dice to achieve a score for the amount of behinds and goals scored each quarter. Add up your final score to determine the winner!

What you will need: Dice and printed score grid below

FIRST QUARTER

	Behinds (1 point)	Goals (6 points)	Total
Example	Rolled a 2 – $2 \times 1 = 2$	Rolled a 4 – $4 \times 6 = 24$	$2 + 24 = 26$
